Mayor's Corner

We made it through the winter doldrums and like the flowers of spring we are ready to enjoy better weather and time outside. The hope and opportunities that spring brings should be shared among all of the citizens of Turtle Creek. New and exciting opportunities have come to our town through the Eos Energy Enterprises at RIDC park. There are hundreds of good paying jobs available at their factories. It is our hope that this opportunity will start a trend of more business, new bike trails, and residents for our town. If it can happen in similar like towns in Allegheny County, it can most certainly happen in Turtle Creek.

Recently we hired two new police officers to the department and are looking to hire more. Spread the word if you know of any interested in working for our police. The current police officers, under the lead of Chief John McCaul, are to be commended for their service and commitment over the last few months. I appreciate the time, their professionalism, and devotion they gave protecting our streets.

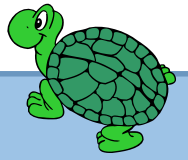

This spring also brings opportunity for citizens to get involved and volunteer. Our fire department is always looking for new members to hop on the truck. Applications are available at the fire station. We are also happy to announce more tree planting events and the continuation of Litter Walk Wednesdays starting at the end of March. Council also plans to demo over 10 vacant and dangerous properties along with a very active paving program for streets that are badly in need of repair.

Turtle Creek Council and my office are working together to best serve the people of our town. We are dedicated and committed to making Turtle Creek a great place to live and work. As your mayor, I am asking our citizenry to get involved. Take pride in your yard, your street, your neighborhood, and this historic borough. Great things are on our horizon. Come take part of the opportunities Turtle Creek has to offer.

Your humble servant,
Mayor Adam Forgie
